

## Join the Coalition!

The purpose of the Green Cities Coalition is to promote ecologically, economically and socially healthy cities in El Paso County, for the benefit of present and future residents of the Pikes Peak region. We envision healthy, equitable and sustainable communities, both human and natural.

In the near term, we will seek to expand recycling services, increase incentives for use of renewable energy by both residents and businesses, and expand mass transit. We have Working Groups for Education, Governmental Relations and Coalition-Building. We are building a comprehensive Web site on sustainability, including a green calendar.

### **How to Join:**

\_\_\_ **Individual:** I am a concerned citizen who wants to join.
